## The School of Labor and Urban Studies uses electronic billing (e-bill) as its official billing method.

- e-bill is available on CUNYfirst within 24-hours of registration; statements are not mailed
- Students are responsible to pay their e-bill by the scheduled due date
- Failure to review the account summary or e-bill does not constitute a valid reason for not paying on time
- Administrative, clerical, or technical billing errors do not absolve students of their financial responsibility to pay the correct amount of tuition, fees and other associated costs
- e-bill is not proof of payment for education tax credits/tax filings. The appropriate form for this purpose is the 1098-T. Furthermore, e-bill is not a substitute for a transcript or enrollment verification, if such a document is required for scholarships, medical coverage, loan deferments, jury duty, car insurance etc. Course grades and GPA are not contained on e-bill
