

Base Navigation for Blackboard Learn provides a different way to view and access your Blackboard Learn course information. The new interface of Base Navigation allows you to quickly get the information and access your course sites.

Institution Page: Displays important messages and links to everyone in your institution. More information can be found [here](#).

Your Name: Select your name to access your personal information and settings.

Activity Stream: You can see what's new and what needs attention in **all** your courses. More information about the tool can be found [here](#).

Courses: Click on this link to view all your Courses. You can use the search and/or filter option to find your course quickly.

Organizations: Click on the link to view all your organizations. The Search and filter option can be used to find your organization quickly.

Calendar: All the events are displayed in one central location. You can choose to display the calendar in day/month view. The events can also be displayed by due dates.

Messages: All the messages from all of your courses are displayed on this page.

Grades: A global list of Courses along with the grading tasks are displayed on this link.

Tools: This is a global [Tools page](#) with a list of tools that are available to you. *This is where you can update your Blackboard email as well.*

You can search for your course/organization or choose it from the list. Once you click on a Course or an Organization link from the menu you have full access to view the content. The Base Navigation list will appear behind the layers you have open.

To exit the course, click on the  icon located on the upper right-hand side of your screen. You can now access another Course or an Organization from the list.
